

Workshop
***In vivo* biofilm models**
Wednesday June 26th, Panum

Final Program

- 9.00-9.05: Welcome
- 9:05–9:25: Legislation for use of animals, general requirements and the 3R's
Christian Lerche, Department of Clinical Microbiology, Rigshospitalet

Non-foreign body biofilm models – different implications

- 09.30-10.15 Wound model
Kendra Rumbaugh, Texas Tech University Health Sciences Center
- 10.15-10.30 **Break**
- 10.30-11.00 Lung model
Peter Østrup Jensen, Department of Clinical Microbiology, Rigshospitalet
- 11.00-11.15 **Break**
- 11.30.-12.00 Infective Endocarditis model
Christian Lerche, Department of Clinical Microbiology, Rigshospitalet

12.00-13.00 LUNCH

Foreign body implant models – different implications

- 13.05-13.45 Peritoneal implant and filler model
Louise Dahl, Copenhagen University, Costerton Biofilm Center
- 13.45-14.00 **Break**
- 14.00-14.45 Osteomyelitis model in Pigs
Louise Kruse Jensen, Department of Veterinary and Animal Science, University of Copenhagen
- 14.45-15.00 **Break**
- 15.00-15.45 Immunology and host response in animal biofilm model
Peter Østrup Jensen, Department of Clinical Microbiology, Rigshospitalet
- 15.45-16.00 Evaluation and feed-back
